# SECURE RAISING

## 5 Realms of Animal Welfare

Our animal welfare practices abide by the 5 realms of animal welfare, as dictated by the World Organisation for Animal Health, **ensuring their health and absolute wellbeing.**

## Restricted Use of Antibiotics

The use of antibiotics is **strictly subject to veterinary prescription and control**, in order to preserve the health and wellbeing of our animals.

## Free of Hormones and Steroids

We don't use hormones to promote growth, according to our quality and food safety policies, **in order to provide healthy and delicious products.**

## Constant Monitoring and Care

Our animals are put under the constant care and monitoring of experts and veterinarians, so as to **preserve their ideal health conditions, always.**

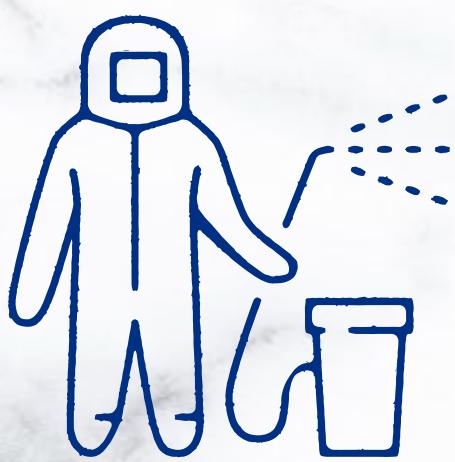

**AGROSUPER**

**WE MAKE IT  
PREMIUM**

# OUR PLANTS ARE 100% SAFE

## Sanitization of People, Vehicles and Spaces

Sanitization of people and vehicles when entering the plant, and **constant sanitization** of common areas and workspaces inside the plant.

## Delivery and Handling of Disease-Free Products

Our products and surfaces are **tested with PCR control tests**, along with the sanitization of packaging supplies, loading zones and distribution vehicles.

## Controlled Flow of People Inside and Between Plants

The flow of people inside and between plants is controlled through and interconnected network software, **ensuring the traceability of all movements in our facilities.**

## Digital Biosecurity of Authorized Personnel

**Every personnel entry is authorized through a digital biosecurity system** that verifies their identity and status.

**AGROSUPER**

**WE MAKE IT  
PREMIUM**

# EXCELLENCE IN CERTIFICATION AND EXTERNAL CONTROLS

## SAG

We are controlled and audited constantly by the **Agricultural and Livestock Service of Chile (SAG)**, which allows us to ensure the innocuousness of our processes and animal welfare.

## TECHNOLOGY AND CERTIFICATIONS

Our plants make use of top-tier technology and possess internationally renowned certifications, abiding by the standards of the most demanding markets.
