- **YOUR CLIENTS WILL RETURN AGAIN AND AGAIN**

OUR SECRET?
THE EXCEPTIONAL QUALITY OF OUR PRODUCTS IS FOUND IN THE DETAILS

Consistency and Meticulous Care

Our products are renowned for their consistency, cleanliness, shape and texture, differentiating attributes that we have achieved through **the standardization of our raising and production processes, the meticulous care and monitoring of each product and decades-old expertise in the industry.**

Thanks to our individual quick-freezing system (IQF) that allows for smooth and unmarked surfaces in our products, **the texture, flavor and quality of each piece is optimally preserved**, as well as increasing portioning capacity, efficiency and versatility for chefs all around the world.

A Safe, Responsible and Successful Production

We are acclaimed for our safety, innocuousness and **high-quality processes thanks to our Vertical Integration system** that allows us to control every single stage of our production process. Biosecurity is our priority: **with a culture of ongoing improvement, excellent technology and certifications that endorse us, we can guarantee the absolute health, safety and traceability of all of our products.**

100%
VERTICALLY INTEGRATED

DIGITAL BIOSECURITY SYSTEM

Committed to Animal Welfare

We are 100% committed to animal welfare, which is why one of our main objectives is to safeguard the health, protection and care of our animals, because we understand that a safe production can only be achieved through a responsible attitude towards our animals. We have shared experiences and good practices with the **World Animal Protection ONG**, the **American Humane Association** and both national and international universities, so we can go above and beyond the 5 animal freedoms.

- NO HORMONES
- NO GROWTH PROMOTERS
- ANIMAL FREEDOMS AS DICTATED BY THE ANIMAL HEALTH ASSOCIATION (OIE)

From Chile To The World

Our farms are located in the Central Valley of Chile, enjoying a mediterranean climate and protected by natural barriers such as the Atacama Desert, the Pacific Ocean, The Andes Mountains and the Patagonia Glaciers, that provide a unique and natural barrier for safety and unparalleled raising conditions, allowing us to provide high-quality products to the most demanding markets in the world, such as Japan, Korea, UK, Canada, European Union, Russia, Mexico and China. As well as Miami, Savannah, Houston, Los Angeles, Seattle and New Jersey in the US.

MEDITERRANEAN CLIMATE AND THE 4 NATURAL BARRIERS: ATACAMA DESERT, ANDES RANGE, PACIFIC OCEAN AND ICE.
